Response to Amendment

The reply filed on 2/27/07 is not fully responsive to the prior Office Action because of the following matter:

Substantially amended claims 19, 19-27, 67-68 and 81-84 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

Previously submitted claims prompting the office action mailed 11/27/07 were drawn to:

- Species 1: a first embodiment ([0024]-[000036]) wherein the charge sweep operation involves activating the (same) reset transistor repeatedly (in one cycle), resulting in one timing sequence of the charge sweep operation (Fig. 6);

while

the newly amended claims are drawn to

- Species 2: another embodiment ([0037]-[0038]) of the charge sweep operation wherein another transistor (25) connected to the photodiode is activated after read-out, resulting in a different timing sequence (Fig. 11).

As is evident from the discussion in the Specification the difference between the first and said another embodiment is one of lesser or greater complexity (one additional transistor) with possible added functionality (anti-blooming protection during imaging, e.g.) (see [0038]), and hence the embodiments as presented in the Specification are

patentably distinct, while the timing sequences of the charge sweep operations are mutually exclusive.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, all hitherto elected claims 19, 22-27, 67-68 and 81-84 have been withdrawn from consideration as being directed to a non-elected invention and no examination can be conducted. See 37 CFR 1.142(b) and MPEP § 821.03.

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
